DISTRICT 1 ALDERMAN CANDIDATE

Dear Menasha Council Members:

I am responding to your request for a replacement for District 1 Alderman for the City of Menasha.

I have been a long time city resident, moving to the area in the late 1980's. I have raised my family here, have my businesses here and have proven to be active in the community. With my experience as business owner, I can bring my leadership dealing with difficult situations especially with budgets. I have been involved with the City of Menasha since I moved to the area. I have been active for the past ten years with appointments to several committees and most recently as a candidate for District 1 Alderman in the spring 2009 election.

I feel I would be a qualified candidate due to my experience with the city, my commitment to Menasha, and as a recent alderman candidate where I have substantially familiarized myself with the current issues affecting the city. I regularly attend council meetings and participate when possible. My learning curve will be minimal and I can step in and contribute immediately.

During the first special appointment in 2008 for this same position, all the candidates were asked if they plan on running for alderman during the spring 2009 election and many said "yes". However, other than Alderman Pamerter, I was the only one to campaign in the spring election, while others said they would, none did. I feel the dedication that I have expressed would make my special election for this position a positive decision for everyone committed to our community. I would appreciate your vote and a chance to work with the council and the city.

My approach is to find the best solutions for the citizens of the city with my first priority being to the residents in District 1. I would work closely with the department heads, the Mayors office and the Council to find common ground and a win/win situation in all matters affecting our lives, our families, and our community.

Thank you for the opportunity.

Please contact me with any questions or comments.

Respectfully,

Chris Klein
/ck

Dear City Of Menasha,

I am contacting you in regard to your Vacancy in District 1 of the Aldermanic Seat . I have read and meet the qualifications and would like to be considered a candidate for this position.

I am very passionate about my district and have already been working with the city, community and shop owners to address issues in the area.

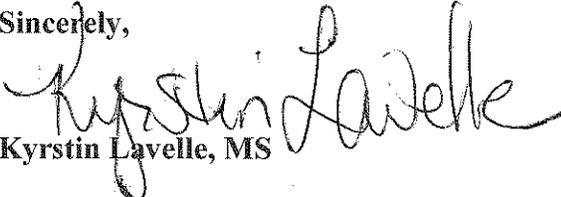

Professionally, I have been an educator at the college level for over 15 years. My degrees focus on business management and health and wellness, both issues important to the growth and vitality of a community. I currently work in downtown Menasha and work closely with the area shop owners.

I consider myself a people person, who loves to mingle and discuss the important issues.

I am hardworking and promise to bring my best to this position.

I thank you for your time and consideration.

Sincerely,

Kyrstin Lavelle, MS

11 September 2009
City of Menasha; Common Council, Residents
140 Main Street
Menasha, Wisconsin 54952

Dear Council Members and Residents of the City of Menasha,

I have prepared this letter to help you understand why I am applying for the Aldermanic Seat for District 1 in Menasha. I knew, when Jason Pamerter moved residence outside of Menasha, the position was being vacated. And, after speaking with Jason in-person, I was motivated by his perspective towards public service and his outlook for District 1 with regard to the positive changes to our downtown and our community as whole.

I recently secured **jdog** Studios photography services for Seton's youth football team of which I am the Program Coordinator and a coach. I have been volunteering for Seton's football team as a coach for nine consecutive seasons. Because I am a former player for this team, and because I am dedicated to volunteer programs, I felt it necessary to step-up and work diligently to try to fill the void left behind when the former coordinator passed away. It has not been easy. But, the value of the reward of continuing a long-standing, proud tradition guiding future leaders in our community is well worth the countless hours. I have dedicated this 'season' of my life to improving and continuing this program.

In addition, in October 2008 it was brought to my attention that I could further my ambitions to become more involved on a volunteer basis within my community by pursuing a vacancy with the Neenah-Menasha Joint Fire Commission. With the grace of this very Common Council, our Mayor and encouragement from Chief Len Vander Wyst, I was appointed to the Commission which continues to be a rewarding source of public service. My father was a volunteer fire fighter for most of his working life, and I enjoyed that aspect of camaraderie and dedication towards helping others.

These life experiences, among others, have provided personal guidance and attributed to my perspective of how an ordinary resident, employee, father, and husband can expound, share, encourage, and influence others in a positive, progressive manner hopefully encouraging others to approach life through perspectives of others. My future goals are inclusive of continuing to watch my children excel through school and continue to enjoy life and residence on Doty Island.

I approach life like this; first I listen and when facing any situation, I contemplate on how I can help to improve or make better whether the situation is complicated or simple. I promote equality for all people and encourage people around me to promote tolerance and collaboration with a strong focus on listening to others first. Not that District 1 needs improvement, but more importantly, there are likely many perspectives in District 1 with regard to future direction, consideration of history and tradition, welcoming changes that benefit the community as a whole, and continuing the good things in our community that continue to bring us together. Thank you for reviewing my resume as well.

Sincerely,

Jason C. Dionne

Organizational Leadership and Management

Profile

Public and Private business affects and influences much of what people do everyday. A creative, visionary and focused business professional can impact business affairs benefiting finance, efficiency and morale providing solutions for growth. From supporting University instructors, to landscape installation, to business management, my experience as a business professional has accumulated throughout my employment history and those are the goals for which I strive. As you review my current tenure, take into consideration my experiences throughout my employment and undergraduate to graduate studies as it all has influenced and continues to influence my daily decisions to help encourage staff achieve both professional and personal goals subsequently growing and expanding my professional and personal ambitions.

Personnel Management: Directly manage four Route Sales Representatives (RSR) and a District Manager In-Training servicing more than 100 customers with combined annual revenues of more than \$3,000,000.

Account Management: Manage all components of customer accounts including sales, proposals, contract negotiations, quality control, logistic route adjustments, account installation, supply chain and inventory management using wireless technology, assessments of Market Center and account P&L, assessments of sales and credit analysis, oversight of account's receivables, and any subsequent account adjustment to maximize revenue, retention and create cost-effective solutions for customers. Effective account management is also dependent upon understanding local and global business climates and subsequent flexibility to change.

Professional Experience

ARAMARK

1999-Present

Uniform Services, AUS (2002-Present)

- Currently hold positions of District Manager and New Business Installation Coordinator.
- In addition to the above, I previously held Fleet Manager for two consecutive years.
- Applying AUS guiding principles, I must strive to exceed requirements of sales, retention and growth while closely monitoring account receivables and coordinating acquisitions and installations of new accounts.
- The effectiveness of such principles is dependent upon the success of an educated, experienced, compassionate, and motivated staff that applies the same customer-based principles to employees alike. District Management is a critical role as it provides employees the resources and education to successfully implement AUS objectives while fostering account ownership and responsibility.
- In order to do so, I must directly and actively impact all components of customer accounts and bridge our personnel by sustaining and focusing on long-term objectives and building professional business relationships. District Management is responsible for human resource management, hiring, and termination.
- Components of customer accounts are inclusive of sales and contract negotiations and servicing to agreed terms, improving and supporting open communication and assisting with transitions for customers to assure satisfaction and minimized disruption.

*Professional Experience, Continued*AUS Continued

- As an RSR, grew route sales approximately 2400% over the course of four years by monitoring an active customer registry, taking advantage of changes within markets to ensure a strong market position while building a wide customer base through sales and acquisitions.
- As an RSR, expanded route volume over 170% over the course of four years by acquiring new business, expanding existing customers, and consistently retaining more than 95% of total customer base.

ARAMARK Refreshment Services (1999-2002)

- Promoted from a route representative to an Account Manager approximately one year after hire.
- Account manager position consists of employee management (union and non-union), customer account management, production, and quality control measures of product and services.
- Consistently met managerial goals to attain maximum bonus requirements by adhering to organizational and account manager objectives.
- Conducted product sampling, promotions, and surveys.
- Performed product use and waste analysis and made subsequent adjustments.
- Conducted candidate interviewing, hiring, training and quarterly performance reviews.
- Organized customer appreciation events.
- Monitored customer accounts to ensure aesthetics, product and service quality, and profits.

Vande Hey's Landscape Center, Inc. (1996-1999)

- As a foreperson, led multiple crews of various individuals creating varieties outdoor living scenarios for one of Wisconsin's premier landscaping companies.
- Works included seeding and plantings, hardscape construction such as paver patios, lumber and synthetic decks and various retaining wall systems, and assisting pond installations.
- Worked with architects, sales staff, management and customers exceeding expectations.

Education

M.B.A., University of Phoenix; Appleton, Wisconsin Campuses, 2006

B.A., Fine Art, University of Wisconsin Platteville, 1994

Professional Awards and Achievements

- Accepted position as a Commissioner with the Neenah-Menasha Fire Rescue, Oct.2008-present.
- Received formal managerial training at AUS Corporate Office in Burbank California (2007) and at our Group Corporate offices for District Manager University (2008).
- 1st Place, RSR All Around Performance, Northern Territories 2006; AUS, Appleton, Wisconsin.
- Top Route Sales Representative Achieved 2005; AUS, Appleton, Wisconsin.
- Received formal recognition as a leader of the all-volunteer coaching staff of Seton Catholic Middle School (nine seasons) football team. Accepted position as Program Coordinator in 2007, which includes active fundraising and securing program supporters within the community.
- Received three consecutive recognition awards by my peers with Vande Hey Company, Inc. as a leader of projects.
- Employed by the University of Wisconsin, Platteville as a Resident Assistant for two consecutive years.
- Employed by the University of Wisconsin, Platteville as a Lab Assistant to aid faculty and students with course curriculum and materials for two consecutive years.

Ms. Deborah Galeazzi
City of Menasha Clerk
Third Floor, City Hall
140 Main Street
Menasha, Wisconsin 54952

September 14, 2009

Dear Debbie,

This letter is to declare my interest in representing Menasha's First District on the Common Council. My résumé is attached.

I understand the Council will hear from all candidates on September 21 at a special meeting. Unfortunately, I will not be able to attend as I have a longstanding commitment to be out of town for business reasons during that entire week. I apologize to the council if this causes any inconvenience, and I still hope to be considered for this appointment.

For several years I have attended most meetings of the Common Council as well as most of the meetings of the Utility Commission, as I became concerned about our difficulties with the steam plant. I have read all of the publicly available documents in this matter, along with many of the depositions in the PCI litigation in order to understand how we arrived at this point. Having attended so many meetings to learn about this topic, I've developed an appreciation for the work done by council members and an understanding of how city government functions. Though I have never served in public office, I feel able to make a contribution. I'll work hard to represent the interests of the people in my district and the city as a whole, as one member of a diverse body charged with making decisions that impact the daily lives of every resident.

I believe my work experience gives me some insight that could be useful. I've held a variety of jobs from waitress to small business owner to truck driver, and have worked with people from all walks of life from the shop floor to the executive suite. I've learned to listen, ask questions, and synthesize what I've learned. In every job I've had a tendency to be a problem-solver and enjoy exploring different options and approaches in searching for solutions.

As a homeowner, I am a taxpayer in Menasha, so the financial challenges confronting us are of great concern to me. We've lived in the First District for nine years and are very happy in here. My husband and I are committed to doing what we can to keep Menasha a great place to live and work.

I realize I will not be the only qualified member of our community to request the consideration of the council, and as a citizen, I hope your choice will not be an easy one. That will mean that you had a number of good choices, and that's a sign of a healthy community and a thriving democracy. I appreciate the council's consideration of my qualifications and fitness for the position of First District Alderman.

Sincerely,

Joanne Roush

Ms. Debbie Galeazzi
City Clerk
140 Main Street
Menasha, Wisconsin 54952

Ms. Galeazzi:

I am writing to express my interest in the District #1 aldermanic position.

I believe that I would benefit the City of Menasha and specifically the District #1 Aldermanic district because of my work experience which covers a rather diverse range of governmental entities. Although my major emphasis has been on assessing, I also have a broad based background in town and county government gained during my tenures as a Town of Menasha Town Board Supervisor and as a Winnebago County Board Supervisor. Each of my employment positions served to formulate my knowledge of the workings of governmental entities.

I feel my employment experience serves to qualify me for the position of District #1 Alderman for the City of Menasha.

If you agree, the opportunity to participate in an interview or to be further considered for the position would be greatly appreciated. You may contact me at my home at your convenience.

Sincerely,

Gordon M. Eckrich

Menasha, WI 54952

From: Scott Francis

RE: Vacancy in District #1 Aldermanic Seat

This letter is to express my interest in fulfilling the duties of the open aldermanic position for the 1st district. I would like to help the city of Menasha move forward , by representing the residents and business's within the first district, to ensure that city government decisions made on their behalf are both progressive and fiscally responsible.

As a resident of the 1st district for past 27 years I have a strong sense of community and a good understanding of what the people, and businesses, within the community desire. I am especially interested in business development and "quality of life issues." I feel the two areas compliment each other, in that a strong vibrant business community will allow us to continue to provide quality services without increasing the tax burden to Menasha residents. Decisions regarding the prioritization of spending are more important now than ever before, given the recent economic events and the cities current financial situation.

My community involvement background includes a number of years as an active member on the board of directors for the Doty Island Development Council and the Inventors Network of Wisconsin. My business background includes senior and general management positions for a number of companies including Kimberly Clark, Dean Foods and Community First Credit Union.

For the past six years I have operated my own management consulting company Topline Development LLC.

Today's environment requires collaboration based on vision to achieve more with less.

I welcome the opportunity to serve.

Scott Francis
